

## BtL Business Lines & Calls

### Overview

BtL can save you up to 40% off your current lines and calls bill whilst improving line quality and efficiency within your business. When moving business phone lines there is no physical change to your existing telephone lines, the only change is you report faults to BtL.

### Benefits

- One easy to read bill for both your phone lines and calls.
- A support helpline that answers calls within 5 rings.
- Lower cost line rental and calls saving you up to 40% if not more.
- One dedicated contactable account manager.

### Business Phone Lines

BtL are not constrained by any one network provider meaning we can offer the most competitive business phone line tariffs that suit your business. We help you select business phone lines based on your usage pattern to give you the lowest possible business call charges whilst being scalable, meaning you can easily change/add them as your business grows.

There are a variety of telephone lines currently available to your business, each holding different qualities which are best suited to different types and sized of business. Different business line types are:

#### Analogue Single Line

Works from the local exchange, suitable for smaller companies with just one phone. Also needed for Fax Machines, PDQ machines, Broadband & Alarms.

#### Analogue Multi Lines

Also work from the local exchange, but allow multiple calls through one number.

#### ISDN2 Lines

Digital line, allows as many channels however up to 8 would be our recommendation.

#### ISDN30 Lines

Like ISDN lines, but allows up to 30 different channels.

#### Sip Trunk

An alternative to ISDN lines, Sip Trunks connect to your existing PBX.

**BtL's business phone lines are very competitive we could even save up to 20% off your existing line charges.**

### Business Calls

#### Bespoke tariffs

Our specialist account managers will offer rates to suit your individual requirements and most frequently dialled destinations, in the UK or abroad.

BtL have access to the WLR3 portal into the BT Openreach platform which enables us to place orders directly on the UK's largest carrier.

**If you have a digital version of your phone bill, send us your bill and we'll identify areas of savings and increased productivity at no cost to your business.**
